4.4. Complainant

A Director, Mastek employee, Customer, Contractor, Vendor or any other individual raising a complaint or a concern is commonly referred to as a Complainant (Whistle Blower). The Complainant's role is only as a reporting entity and he/she is not an Investigator. Although the Complainant is not expected to prove the truth of an allegation, the Complainant needs to demonstrate to the Ombudsperson, that there are sufficient grounds for concern.

4.5. Investigation Subject

The Investigation Subject is a person or group of persons against whom a complaint has been raised. Identity of the Investigation Subject would be kept confidential to the extent possible.

Division: HRD	Doc. Name: Whistle Blower Policy	Version: 2.0

4.6. Compliance Committee

Compliance Committee is constituted to act as a coordinating body to help Ombudspersons in dealing with any complaints received. The Compliance Committee shall also be responsible for keeping the Board informed of all developments related to Whistle Blowing and also dealing with all statutory and audit reporting. Compliance Committee may enlist additional individuals for specific investigations basis the need and availability of Members. The co-ordinates of Compliance Committee are given below:

Role	Name	Contact details
1. Chairperson, Compliance Committee	Ms. Maninder Kapoor Puri	maninder.kapoorpuri@mastek.com +91 9886401241
2. Member, Compliance Committee	Mr. Dinesh Kalani	dinesh.kalani@mastek.com +91 9833785742

4. Member, Compliance Committee	Mr. Vimal Dangri	vimal.dangri@mastek.com +91 9845539229

5. Reporting Channels

Multiple reporting channels have been made available, as listed below, which are designed to make the process of raising a concern, easy, comforting and confidential.

5.1. Internal Channels: A Complainant can communicate his/her concern directly to the Ombudsperson or to Members of the Compliance Committee within the Organization through face-to-face meeting, e-mail, telephone, or fax.

5.2. Dedicated Hotline - Besides the specific contact number of Ombudsperson provided, a dedicated telephone hotline is provided - (+91-22) 67914675 - which can be directly reached and any Whistle Blower complaint can be registered. Calls to the Hotline during work hours will be directed by the Operator to any of the Ombudspersons or Compliance Committee members, as desired by the caller. Calls after work hours will go into a voice mail where the caller can leave a recording, which will be referred to the Compliance Committee members by the Operator.

Division: HRD	Doc. Name: Whistle Blower Policy	Version: 2.0
Document Classification: Internal	Date: 22 January 2021	Page 7 of 17

5.3. **Email ID** - Complainants can also raise their concern through e-mails to the Ombudspersons or Compliance Committee members or Chairperson of Audit Committee (if the complaint is against a Director or by a Director). If, for any reason, the Complainant does not wish to write to any of these entities, he/she can write to whistleblower@mastek.com. Emails addressed to this ID will be received by the Company Secretary, who will appropriately direct it to any of the Ombudspersons or Compliance Committee member/s or Chairperson of the Audit Committee, after ascertaining the nature and identity sensitivity of the concern raised.

5.4. **Anonymous Reporting** - Complainants can raise their concerns by forwarding a sealed envelope to the Ombudsperson or to Compliance Committee member/s, without revealing their identity. It is, however, reiterated that the complaint reporting must be done in absolute faith, without any malafide intention. This is important because, being an anonymous complaint, there may not be an avenue for the Ombudsperson or the investigating agency to cross verify with the Complainant. If the investigations are handicapped by lack of complete information or material leads, the Ombudsperson or the investigating agency may drop and close the complaint. However, it is highly recommended not to send Anonymous communication as it becomes difficult to authenticate the complaint with the source.

6. Guidelines for type of information to be furnished:

6.1. In order to facilitate a smooth investigation, the following information will generally be required to be provided by any person raising a concern or complaint under the Whistle Blower Policy:

6.1.1. Name and whereabouts of persons against whom the concern or complaint is raised - viz. Employee/s or Contractor/s or Director/s.

6.1.2. The area/location within the Company or outside, where the concerned incident would have occurred - viz. Dept., Section, Office, etc.

6.1.5. If possible, furnish any document, evidence or proof in relation to the concern or complaint

6.1.6. Provide contact details, if possible, of people with whom the investigating agency can connect during the process of inquiry to elicit more information or details

6.1.7. Details of any prior attempts to address the issue, if done.

6.2. It is reiterated that the above basic details must be furnished, to the extent possible, in relation to all complaints or concerns raised under the Whistle Blower Policy, so that all such complaints or concerns can be squarely addressed.

7. Remediation & Investigation

7.1. Once a complaint is made through Whistle Blower, the Ombudsperson to whom the disclosure has been made will inform the Chairperson of the Compliance Committee of such disclosure by way of a report prior to investigating the concern.

7.2. The Ombudsperson shall then proceed to investigate the complaint/concern, either by himself or through any other person, in consultation with Compliance Committee Member/s.

7.3. Investigation by the Ombudsperson includes the following steps:

- a. Obtaining full details and clarifications of the complaint.
- b. Consider the involvement of any other internal or external investigation agency or person.
- c. Fully investigate into the allegation with the assistance where appropriate, of other Individuals/bodies.
- d. Preparation of a detailed written report and submission of the same to the Compliance Committee, at the earliest, but generally not later than 90 days from the date of disclosure of complaint/concern.

7.4. Whilst the purpose of this Policy is to enable the Organization to investigate concerns and take appropriate steps to deal with it, the Organization will give the Complainant as much feedback as the Organization can. However, the Organization may not be able to inform the Complainant the precise action taken where this would infringe a duty confidence owed by the Organization to someone else.

Division: HRD	Doc. Name: Whistle Blower Policy	Version: 2.0
Document Classification: Internal	Date: 22 January 2021	Page 9 of 17

7.5. The Organization will also take steps to minimize any difficulties, which a Complainant may experience as a result of raising any concern. Thus, if the Complainant is required to give evidence in criminal or disciplinary proceedings, the Organization will arrange for the Complainant to receive advice about the procedure, etc.

8. Complaint against a Compliance Committee Member or Ombudsperson

If a complaint is against a Compliance Committee Member or an Ombudsperson, the same will need to be referred directly to the Chairperson of Audit Committee of the Board.

9. Rules for Investigation and decision by the Compliance Committee

9.1. The Compliance Committee shall follow the procedure detailed below to enable a fair conduct of the investigation and decision recommendation:

9.1.1. The Compliance Committee will, based on the findings in the written report submitted by the Ombudsperson and after conduct of such further investigation as it may deem fit, come to a final decision in the matter, not later than 90 days from the date of receipt of the written report.

9.1.2. If the complaint is shown to be justified, then the Compliance Committee shall invoke disciplinary or other appropriate action against the Investigation Subject as per Organization procedures.

9.1.3. A copy of the decision in writing will be sent to the Audit Committee of the Board of Directors.

9.2. The Investigation Subjects will have a right to consult with another person of their choice, other than the Ombudsperson, members of Audit Committee and/or the Whistle Blower. They shall also be free, at any time, to engage a Counsel at their own cost to represent them in the investigation proceedings. No reimbursement of Counsel Engagement cost shall apply even if there was nothing proved after investigations, against whom the complaint was made.

9.3. The Investigation Subject will have a responsibility not to interfere with the investigation. Evidence shall not be withheld, destroyed or tampered with and witnesses shall not be influenced, threatened or intimidated by such persons.

9.4. All complaints received will be recorded and looked into. If initial enquiries by the Ombudsperson indicate that the concern or complaint has no basis, or it is not a matter to be pursued under this Policy,

Division: HRD	Doc. Name: Whistle Blower Policy	Version: 2.0
Document Classification: Internal	Date: 22 January 2021	Page 10 of 17

it may be dismissed at this stage by the Ombudsperson and the decision documented by him/her.

9.5. Where initial enquiries indicate that further investigation is necessary, this will be carried through either by the Ombudsperson alone, or by a Committee nominated for this purpose. The investigation would be conducted in a fair and impartial manner, through a fact-finding process and without presumption of guilt. A written report would be made on completion of the investigation.

10. Investigation Result

Based on a thorough examination of the findings, the Ombudsperson/s or Compliance Committee would recommend an appropriate course of action to the CEO/Group Chief People Officer of the Company (in case of complaints by Employees, Customers, Contractors and Vendors) or to Audit Committee of the Board (in case of complaints by Directors). Where an improper practice is proved, the outcome would be disciplinary action, including dismissal, if applicable. For the sake of good order, preventive measures will also be initiated as soon as possible. All discussions would be minuted and the final report prepared.

13.3. The Audit Committee will take the decision on the matter within 30 days of such an appeal and the decision of the Audit Committee in the matter will be final and binding on all the parties.

14. Reporting in Good Faith

Complaints or concerns should be raised in good faith and, to the extent possible, after gathering facts and/or data related to what he/she is stating. It should not be on hearsay or rumours and should not be done with any malicious intent and/or vested interests. However, if the complaint is found to be with malicious intent and/or vested interests, appropriate action will be taken against the complainant.
