Mastek partners with fulfillmenttools to deliver modern omnichannel fulfillment solutions to customers worldwide

August 31, 2021 Dallas, TX

Mastek is partnering with fulfillmenttools to enable D2X (Direct to Stakeholder) transformation for their joint clients. This partnership will enable their clients to deliver excellent customer experience through a unified D2X process integrating commerce with fulfillment.

fulfillmenttools offers an integrated end-to-end platform solution for efficient omnichannel fulfillment. The suite spans three modules: a distributed order management system (DOMS), in-store fulfillment, and shipping integration – perfectly suited for the retail fulfillment processes of the future. All modules are provided from a single source, offering seamless connection and flexibility to adapt to any retailer's requirements.

"A superior Direct to stakeholder experience requires an omni-channel front office integrated into the middle office thereby enabling real time stock visibility and distributed fulfillment. fulfillmenttools is a next generation platform in this space and we are excited to partner with them to enable our clients deliver a best in class experience for their clients." said Raman Sapra, President, Mastek Americas.

According to Linda Kuhr, Managing Director and Co-founder at fulfillmenttools, "We are very excited to welcome Mastek to our growing network of international partners. We truly believe that together we can enable our clients to take their fulfillment to the next level by integrating a retailers store network with their digital commerce activities and thus delivering a superior omni-channel experience to end customers."

About fulfillmenttools

fulfillmenttools combines a cloud-based distributed order management system with easy to use, scalable and app-based in-store fulfillment solutions. We enable retailers to adapt to the ever higher customer demands and provide solutions to offer an array of omnichannel services.
