Mastek Recognised as 'IT Vendor of The Year' at UK IT Industry Awards

Digital transformation brand honoured for outstanding performance in UK computing

14.11.19, Reading, UK: Enterprise digital transformation specialist Mastek has been named IT Vendor of the Year at the UK IT Industry Awards.

Part of the Technology Excellence Awards group, the IT Vendor of the Year Award honours a business who can, "demonstrate outstanding performance in terms of market penetration, revenue growth, customer feedback and the launch of innovative new products". Mastek were found to exceed in four key criteria for the IT industry: excellence, diversity, innovation and investment.

"Being named as IT Vendor of the Year recognises our continued investment in developing innovative solutions for our customers as well as working to build diversity and growth in the UK IT industry. We are honoured to be named as leaders in IT and will keep striving to help the tech innovators of tomorrow gain the key skills they need to advance a vital industry for the UK economy," comments Gordon Cullum at Mastek UK.

In 2019, Mastek expanded its services to become a Select Consulting Partner in the Amazon Partner Network and grew its programme for graduates looking to progress a career in tech. The project aims to create and nurture the next generation of diverse tech natives while encouraging advancement in the UK's technology industry.

The awards ceremony – which took place at Battersea Evolution in London on Wednesday 13th November – acknowledges individuals and organisations that have excelled in the use, development and deployment of IT in 2019.

Sponsored by BCS, the Chartered Institute for IT, the UK IT Industry Awards is the benchmark for outstanding performance throughout the UK computing industry. Award winners were shortlisted from over 250 initial entries before being invited to attend a rigorous judging day at the Etihad Stadium in Manchester on Tuesday 10th September.
