

Mastek featured in Constellation ShortList™ for Digital Transformation Services (DTX): Global

30th August, 2022— Mastek has been recognized in the latest Constellation ShortList™ for Digital Transformation Services (DTX): Global in Q3 2022. The technology vendors and service providers included in the Constellation ShortList offer key requirements for early adopters pursuing digital transformation initiatives.

Constellation evaluates more than 100 solutions categorized in this market. This Constellation ShortList is determined by client inquiries, partner conversations, customer references, vendor selection projects, market share, and internal research.

Mastek is a leading provider of digital transformation services, for both public and private enterprises. They have made significant investments in creating intellectual property and helped increase IT value for their customers by unlocking the power of data, modernising applications and accelerating cloud transformation.

“Being recognized by Constellation Research for the Q3 2022 ShortList for ‘Digital Transformation Services (DTX): Global’ validates Mastek’s commitment to co-innovate and co-create future solutions in the industry, and we look forward to continue to do so as the IT and cloud landscape evolves. This recognition is a great compliment to our existing leadership position among our peers.” said **Hiral Chandrana, CEO at Mastek**

“Organizations must reconsider how they balance business models, work/life priorities, and new market conditions during the uncertain climate of the Great Refactoring,” said **R “Ray” Wang, Chairman and Founder at Constellation Research**. *“Constellation’s Short Lists reflect the top vendors that matter most to our network of buy-side clients. We publish Short Lists to expedite the decision-making process for leaders making critical vendor selections, so they can find the right partners to enable their business success.”*

Constellation Research advises leaders on leveraging disruptive technologies to achieve business model transformation and streamline business processes. Products and services named to the Constellation Short List meet the threshold criteria for this category as determined through client inquiries, partner conversations, customer references, vendor selection projects, market share, and internal research. The portfolio is updated at least once per year as the analyst team deems necessary based on market conditions.
