

## Mastek UK Ltd Recognised by EcoVadis for Sustainability Excellence

**Mumbai, India, February 25, 2026:** Mastek (NSE: MASTEK; BSE: 523704), a trusted AI-first, digital engineering and cloud transformation partner, today announced that its wholly owned subsidiary, Mastek (UK) Ltd. has been awarded a Silver Medal in the EcoVadis Sustainability Assessment, placing the company in the Top 15% of companies assessed globally over the past 12 months.

EcoVadis is one of the world's most trusted providers of business sustainability ratings, evaluating companies across four core pillars: Environment, Labour & Human Rights, Ethics, and Sustainable Procurement. The assessment provides an independent, evidence-based benchmark of ESG performance and maturity.

In a standout performance within the technology sector, Mastek ranked in the Top 7% overall among IT companies assessed in the past 12 months, and achieved an exceptional Top 2% ranking in the Environment category, reflecting its focused efforts on environmental stewardship and climate-conscious operations.

Commenting on the achievement, **Umang Nahata, Chief Executive Officer, Mastek**, said *“Sustainability has always been integral to Mastek’s DNA. For over four decades, we have harnessed technology as a force for good, driving innovation that delivers business excellence while creating lasting value for our clients, communities, and the environment. This recognition reinforces our belief that responsible growth and long-term success go hand in hand.”*

**Vimal Dangri, CHRO and General Counsel, Mastek**, added, *“This award reflects the robustness of our policies, governance frameworks, and people-centric practices across labour standards, ethics, and responsible sourcing. EcoVadis provides an independent lens on ESG performance, and this outcome motivates us to further embed sustainability into decision-making across our organisation and value chain.”*

Mastek continues to strengthen its ESG roadmap, focusing on reducing environmental impact, fostering inclusive and ethical workplaces, enhancing governance, and collaborating with partners and suppliers to promote sustainable procurement practices.
